

## Python Developer

We are looking for a Python Developer to join our engineering team. If you've got minimum 3 years of experience and blockchain knowledge, read further.

### Who we are

Ethernity CLOUD is the new kid on the block of the confidential cloud computing. We aim at offering high levels of confidentiality, 24/7 availability, and blockchain-based integrity while lowering service costs and vulnerability. After three successful Token Sale Rounds, we have a running Testnet that is currently expanding and have ambitious plans for 2022 that culminate with a Mainnet launch. So come and join the confidential computing revolution!

### What you'll be doing

- Align with internal teams to understand requirements and provide technical solutions
- Write reusable, testable, and efficient code
- Design and implement low-latency, high availability, and performant applications
- Write good code documentation

### Must have

- Expertise as a Python Developer (3-5 years)
- Expertise in at least one popular Python framework (Django, Flask or Pyramid)
- Ability to design and build Python frameworks
- Adaptability & flexibility because you will be working with different frameworks
- Familiarity with front-end technologies (JavaScript, HTML5 and CSS)
- Knowledge of SOLID principles, DRY, KISS
- Excellent knowledge of design patterns
- A deep understanding and multiprocess architecture and the threading limitations of Python
- Blockchain experience, web3 framework
- Excellent written & verbal English communication skills
- People skills

## Nice to have

- Bachelor Degree in Computer Science, Computer Engineering or related fields
- Knowledge of object-relational mapping (ORM)
- Experience with SQL and NoSQL databases
- Experience with Redis or other in memory databases
- Experience with React.Js framework
- Experience with Docker
- Experience with TEE(Trust Execution Environment)
- Experience with RUST or other programming languages

## What we offer

When it comes to administrative things, we consider ourselves a fair company. So payment, working schedule, holidays follow this philosophy.

Have we sparked your curiosity? Get in touch!

Send your CV at [careers@ethernity.cloud](mailto:careers@ethernity.cloud) and we'll get back to you.

Note: We are a small team. Due to the high volume of applications, we'll only be replying to those of you whose CVs we deem suited for the position. Thank you for understanding!
