

## DevOPS

We are looking for a DevOPS to join our engineering team. If you've got minimum 3 years of experience and blockchain knowledge, read further.

### Who we are

Ethernity CLOUD is the new kid on the block of the confidential cloud computing. We aim at offering high levels of confidentiality, 24/7 availability, and blockchain-based integrity while lowering service costs and vulnerability. After three successful Token Sale Rounds, we have a running Testnet that is currently expanding and have ambitious plans for 2022 that culminate with a Mainnet launch. So come and join the confidential computing revolution!

### What you'll be doing

- Building and setting up new development tools and infrastructure
- Liaise with stakeholders and conveying their needs to developers
- Automate and improve development and release processes
- Test & analyze examine code written by others
- Ensure systems' are safety and security against cybersecurity threats
- Identify software problems, develop & deploy updates and fixes
- Work with software developers and engineers to ensure development follows established processes and works as intended
- Plan out projects and be involved in project management decisions
- Investigate and resolve technical issues
- Develop scripts to automate processes
- Design procedures for system troubleshooting and maintenance

### Must have

- Experience as a DevOps Engineer or similar software engineering role
- Proficient with git and git workflows
- Experience with Docker and Kubernetes
- Excellent knowledge of Mac/Linux/Win
- Excellent knowledge of shell script and power shell
- Python knowledge
- Excellent written & verbal English communication skills
- People skills
- Collaborative team spirit

## Nice to have

- Degree in Computer Science, Engineering or relevant field
- Working knowledge of databases and SQL
- Problem-solving attitude

## What we offer

When it comes to administrative things, we consider ourselves a fair company. So payment, working schedule, holidays follow this philosophy.

Have we sparked your curiosity? Get in touch!  
Send your CV at [careers@ethernity.cloud](mailto:careers@ethernity.cloud) and we'll get back to you.

Note: We are a small team. Due to the high volume of applications, we'll only be replying to those of you whose CVs we deem suited for the position. Thank you for understanding!
