

UX/UI Designer

We are looking for a mid-weight UX/UI Designer to join our team. If you are versed in app design and are interested in the blockchain space, give us a shout.

Who we are

Ethernity CLOUD is the new kid on the block of the confidential cloud computing. We aim at offering high levels of confidentiality, 24/7 availability, and blockchain-based integrity while lowering service costs and vulnerability. After three successful Token Sale Rounds, we have a running Testnet that is currently expanding and have ambitious plans for 2022 that culminate with a Mainnet launch. So come and join the confidential computing revolution!

What you'll be doing

- Gather and evaluate user requirements
- Illustrate design ideas using process flows and sitemaps
- Identify and troubleshoot UX problems (e.g. responsiveness)
- Design graphic user interface elements, like menus, tabs and widgets
- Build page navigation buttons and search fields
- Develop UI mockups and prototypes
- Create original graphic designs
- Prepare and present rough drafts to internal teams and key stakeholders

Must have

- Working knowledge of the following: Sketch, InVision, Visio, HTML, CSS (SCSS), iOS, Android, Design Systems, and Adobe Creative Suite.
- Excellent written & verbal English communication skills
- Proven work experience as a UI/UX Designer or similar role
- Portfolio of design projects
- Knowledge of wireframe tools (e.g. Wireframe.cc and InVision)
- Up-to-date knowledge of design software like Adobe Illustrator and Photoshop
- Team spirit; strong communication skills to collaborate with various stakeholders
- Good time-management skills

Nice to have

- Bachelor Degree in Computer Science, Computer Engineering or related fields
- Experience with DApps
- Experience with mobile apps

What we offer

When it comes to administrative things, we consider ourselves a fair company. So payment, working schedule, holidays follow this philosophy.
